Says Politics Are Rotten.

The politics of the country are rotten. Nearly 75 per cent of the people their support of the Murrayesque ap- Friday evening are disfranchised and the trusts and trick and intrigue to keep the people's candidates from being elected. The tion as it now stands is s tocratic despotism. I believe that the people could govern themselves prop erly if they once had the opportunity to try it. The races mingle with each other and marry and the product of this intermingling is a remarkably intelligent class of people. The courts are fully as bad as the politics. They are controlled absolutely by the sugar trusts and therefore harm the poor people on every side. It is the same all over Hawaii and the time has rived when things must change. The proper authorities should investigate the affairs there and remedy them as

Mr. Rath showed many interesting views pointing out the conditions there and his lecture was extremely interesting. Miss Smith, a Hawaiian girl, sang several selections in her Music also was furnished by the Socialist Club orches-
